# Provided guidance and advice for the building of professional projects

Team of guidance counsellors welcomes, informs and guides people in their search for a trade or training in the social sector in order to help them build their professional or training project.

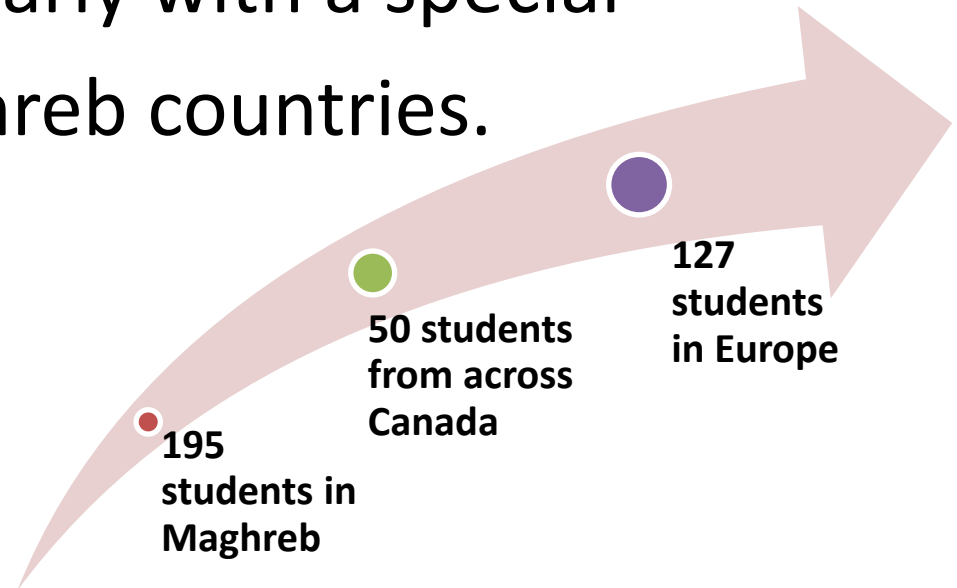

## Whatever the situation of a person, there is a way to access the training that suits him

## Our pedagogy reflects our vision of Social Intervention

### Openness to the world

IMF supports, advises and accompanies projects in the social sector throughout the world, particularly with a special link with the Maghreb countries.
